Dear Mike:

I have been long enough getting this copy to you but I think I have everything lined up at last. I don't have any pictures worth while, but I doubt that there is any room for pictures anyway. If there is something you would like let me know. I think with all this writing to go on the card there won't be much need for pictures either. Maybe you can use some ordinary baseball pictures. What ever you use I know the cards will be attractive as always.

Now you will notice I have five games on the copy. We are playing home almost the entire month of May, and we will hardly have time to get another set of cards out, however I plan to have some more cards made with all the games except the opening day. I am going to send these to New York the day after the opening. I do not want to send any of these cards to New York, because they are opening the same day we are. I think all the games but the opening day can be put on in small printing. Kinda at the bottom of the card. I want the opening day features to stand out. I think it should take up almost the entire card. I am sure you understand what I am trying to tell you. I am quite excited about the Negro Regiment from Fort Dix coming up. The army is going to transport them here in the army trucks. If we have a nice day we should have a nice crowd.

If there is anything I have not made clear let me know. Please send the cards to 101 Montgomery street, and pay the express charge for me in advance, as I will hardly be there when they arrive. Send 500 to Newark. I will have some sent to Trenton. Will let you know in a couple days how many and where to send them.

Will be sending copy for Norfolk and Richmond in a few days.

Very Truly Yours
